Health Fair Greater Community Missionary Baptist Church

El Proyecto Senior staff members, medical personnel, and outreach workers pose for a picture with **Bob Winn**, AALO President. The church is located at 11066 Norris Ave., Pacoima 91331.

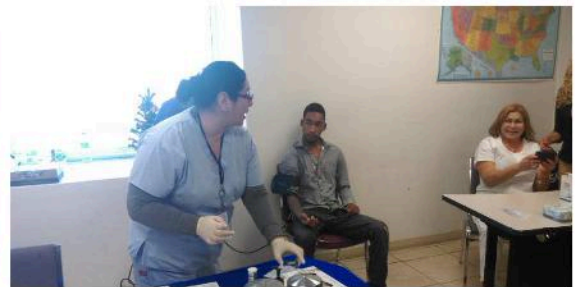

January 24, 2016

AALO in partnership with El Proyecto del Barrio organized a community health fair in Pacoima at The Greater Community Missionary Baptist Church where the Senior Pastor is **Dr. Dudley D. Chapman**. Bob said, "After having conversations with the pastor we really felt that a health fair would be beneficial. The church currently offers emergency shelter to over 100 people in their Great Room. Many of these people do not have access to medical care and this would bring a level of medical screening to them. We are happy to partner with the church to provide this service."

There are approximately 135 cots that provide a warm place to sleep for homeless people at the church facility located next to the main sanctuary. This temporary winter shelter only accommodates single individuals overnight. They must leave the premises the next morning but may return in the evening.

First Lady **Beth Chapman** (far right) stops in to lend her support with **Bob Winn**, **Marlene Rowlett** and **Silvia Sandhu**.

Community and church members are interested in having some routine medical screenings
